

PRIMER FOR
SELF-LEVELING
OVERLAY
PM-AA₂₁₈

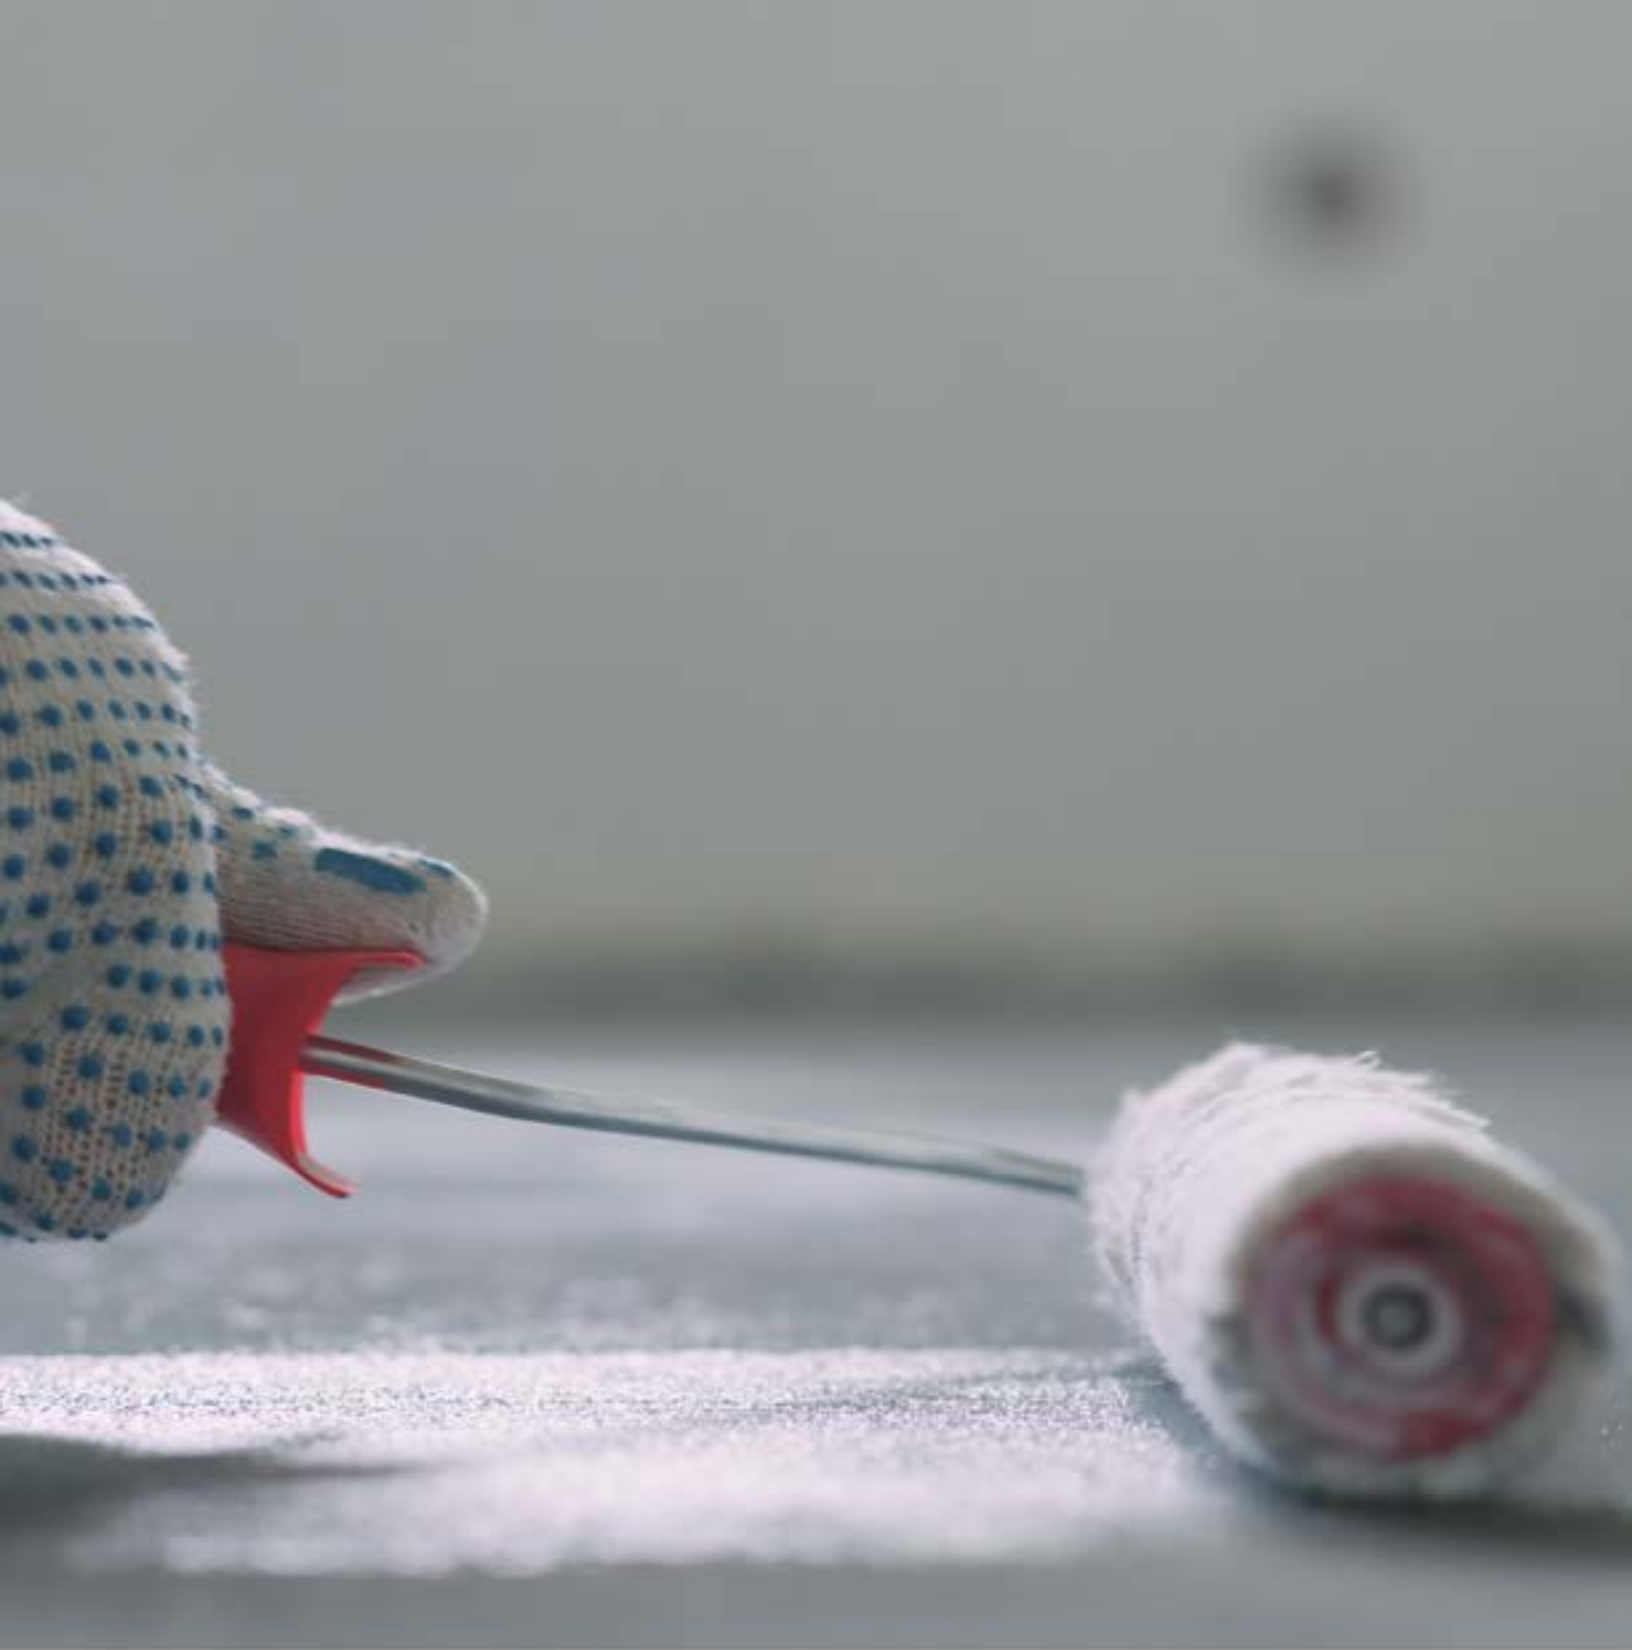

The PM-AA218 Primer for Self-Leveling Overlay is an acrylic polymeric concentrate that's eco-friendly and has a low content of volatile organic compounds.(VOC)

When mixed with water and applied correctly, it fills micropores and creates a barrier that reduces to a minimum water absorption from the substrate.

It can be applied in interior as well as in exterior, horizontal or vertical surfaces of concrete, mortar, non-glassed tiles, quarry stone, stone, clay and wood among others.
